On Nov. 20 and 21, the Eagles and the Eag-
letts played their first game.

The A Squad or Eagles played their game on
the 20th of November. The game was 54-31 in
favor of the Wrangell J. V's.

The A Squad played a good game but there
was a lot of players who never played in front
of a crowd before, so they must have been
quite nervous.

On November 21st the B Squad or Eagletts
played their first game.

The game was 46-24 also in favor of the
Wrangell B Squad. I'm sure most of the boys
never had experience playing in front of a
large crowd.

Then on November 27th and 28th, the B Squad
played on both nights because there wasn't
enough A Squads to form a team because most
of the boys were down with the mumps and some
were ineligible.

The score of the game on November 27th was
28-19 in favor of the Wrangell B Squad.

On November 28th the B Squad of Wrangell
Institute showed a big improvement. The game
was in favor of the Eagletts 30-13.

ACTIVITIES ARE INTERESTING

Here at Wrangell Institute the students have a great many activities.

They have movies every Friday night and Sunday night here at the Institute, a movie in town every other week, and a date movie in town every Friday night.

They have basketball games in town every Friday and Saturday night when basketball season is open. They also have basketball every Saturday and Sunday here at the Institute if not volleyball.

The students have a dance, bingo, and skating or game night every Saturday. The students have Social Hour once a month, a hike every week, arts and crafts twice a week and they go to a music trail whenever an artist of some kind comes to play.

It is a pleasure to have all these activities to keep the students far from boredom.

Sometimes it is not too good to have all of them because the students want to attend all of them but can't.

But they are the best. Don't you think so?

....Blanche

PROTECT YOUR HEALTH

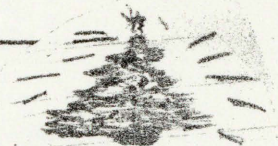

This last week, the nurses at the health center requested that all students wear jackets to the dining hall and all girls are to wear scarves. Any girl who goes to the dining hall without a scarf on will be asked to go back to the dorm to get one for her own health's sake. Many students stayed home from school because they got the mumps, and those that did not yet get the mumps got shots for it.

The health center is asking you to cooperate by wearing jackets to school. Only you can prevent your illness by taking the proper steps in HEALTH REGULATIONS.

....Vivian

Merry Christmas!

GROUP E

CHRISTMAS DAY COMING

Christmas is around the corner. It is the birth of Jesus Christ. His birth is on December 25th.

In the month of December, many people celebrate Christmas Day. They put up many trees. They decorate them with many different things like a star on top and lights.

Christmas is the happiest day of the year.

"Merry Christmas to you all."

...Donald M. Jackson

This is December and Christmas is coming soon. All the students in the Institute are looking forward for a happy Christmas. They are all trying hard not to think of home because if they think of home they will get very homesick on Christmas and on New Year.

...Lee Titus

Everyone is getting ready for Christmas. All the students at Wrangell Institute are getting ready.

There will be a Christmas party for Rooms A, B, and C. They should have lots of fun.

There will be a Christmas movie in town on December 24th. On December 25th there will be a Christmas tea. The dorms will have open house for the students and staff.

Everyone should have fun.

...Daniel Sun

NO SCHOOL THANKSGIVING

On the day of Thanksgiving there was no school. It was a pleasant day for all of the kids.

Thanksgiving dinner was at one o'clock. For dinner there were turkey and many other things.

After dinner the girls invited a few boys over for a party. It was a small party but it meant a lot to some of the boys. It lasted from 2:30 p.m. until 4:00 p.m.

...Andrew Stephanoff

GIRLS INVITE BOYS

On Thanksgiving Day there was a tea party in the girls' recreation room. The

girls were to invite the boys. There were games and dancing.

Everyone had lots of fun and enjoyed themselves.

...Gloria Riley

NINETEEN GO HIKING

On Saturday, Dec. 5, nineteen boys went on a hike to the end of the road. The girls were supposed to go, but Mrs. Wingham also said that the nineteen boys, Mr. Ryll, and Mr. Heflebower ate sixty sandwiches and sixty apples. So they must of been very full that afternoon.

...Rose Prince

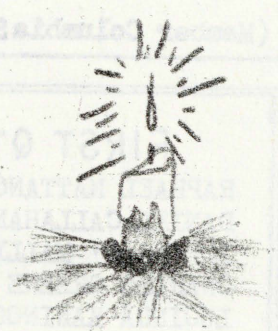

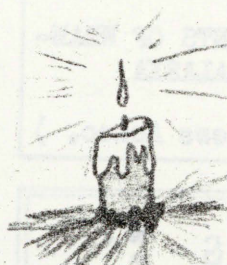

RAINY WRANGELL INSTITUTE

It rains a lot here at Wrangell, more than it does back home. Back home, it only rains once in a while. That is why back home the trees are chubby looking. Here the trees are real tall and skinny.

It snowed here a few days ago, but the rain melted it away. Students didn't want it to melt, but they cannot stop the rain.

When there was snow on the ground, the small children had fun playing outside. Almost every night most students went outside and walked around too. It was cold when there was snow on the ground and the wind was blowing too.

...Sarah Woods

GROUP H

FUN IN THE SNOW

About a week ago it was snowing here at the Institute. It was lots of fun staying out on the cold snowy day. All the little children were throwing snowballs and making snowmen.

Seems like some of the students were staying out just to remind them of home. Wynita Woods and I were staying out too.

....Jane Larkin

CRAFTS STARTED

The Institute started an Arts and Crafts class. In the class, the students who want to come, are doing leather work, making book mark out of leather. Later they will make something they want to make out of leather.

Also, in the Crafts class, they are silk screening too. In that, they are making Christmas cards to send home, or some other place. It is lots of fun to finish the project you are working on, to see how it will come out.

....John Kowann

BISHOP GORDON VISITS

Last month Bishop Gordon came to the Institute and had a service.

All the Episcopal students went to church. The service was in the recreation room.

Students were all happy to see him. He said he will visit the villages this coming month. Some he had already visited.

....Lilly Neakok

FOLK CLUB TO START

A Folk Dance Club is going to be very good. Some students are very interested. It is something like square dancing. Everyone entering this club will have fun learning new dances.

They don't care how old the dances are, they are still good. Mr. Winningham will be in charge of this club. He let us fill out a paper and sign up.

The Folk Club will start December 9th. It will be right after school from four to five in the afternoon.

....Earl Kingik

WRITING ESSAYS

Students have received word from the office to write an essay. This essay is for the older students.

Some schools in other places are writing essays too. The ones that win will get prizes for the essays.

Students have to write about education or why they would like to go to high school.

Everyone is looking forward to see who will get the prizes in March or April. The contest ends January 30, 1965. GET YOUR ESSAY WRITTEN!!

....Richard Hensley

ROOM H STUDIES LATIN AMERICA

In Social Studies Room H has been studying about Bolivia, Chile, and Peru. These countries are very interesting. The capital of Bolivia is La Paz. Lake Titicaca is the highest navigable lake in the world. 80% of all the goods manufactured in Bolivia are made in and around La Paz. On the eastern slope of the Andes they grow coffee, Cacao, Sugar Cane, Beans, Rice, and Fresh Fruits.

The capital of Chile is Santiago. The richest copper mines in the world are located in this desert region. Valparaiso is Chile's largest port.

The capital of Peru is Lima. Peru is divided into three natural regions. Coastal Plain, the Highlands, and the Eastern Slopes. The most important export crop of Peru is Cotton. Room H hopes to learn more about the different countries in South America.

....Helen Norton

GOING SHOPPING

The girls and boys at Wrangell Institute are looking forward to going Christmas shopping. I guess they will be going a week from now. They are very anxious to be going soon. Most think it will be very exciting to go Christmas shopping, don't you? Have fun when you go Christmas shopping!!

....Helen Borenin

GROUP F

CHORUS PRACTICE UNDERWAY

The music teacher is Mrs. Hamley. She teaches chorus on Monday, Tuesday and Friday. In chorus students are singing in groups. Monday she made us sing the scales. There are about 150 pupils attending chorus. She will try and cut it down to 50 girls and boys.

There are a few who like to sing and a few who don't. The girls seem to like music more. She said if you are really interested in music you may stay in, and if you are not interested it would be better for you not to go to chorus and bother other pupils who really want to learn. It's up to you to make your own decision.

...Carol Gurtler

TEA PARTY WAS FUN

On November 26th, Thanksgiving Day, the girls invited the boys for tea and some sandwiches and cookies. They had some games to play and some played records and danced. They had lots of fun playing together. When the party was over the girls had to put the boys' jackets on the one they invited. The party was from 2 to 4 o'clock.

...Wynita Woods

GIRLS DORM WINDOWS BROKEN

Some of the windows have been broken lately. They have been broken by some snowballs that have been thrown by girls or boys. It takes some money to put them back

in place. This cuts down on some things that the dorm might need.

So please be careful now not to break any windows.

...Marsha Peterson

WRANGELL PUPILS AT EDGE CUMBE

There have been 2 pupils from Room F who have been at Edgecumbe Hospital lately. Thomas Ablowaluk came back several days ago and Carolyn Kotongan is there now.

The pupils who had mumps are back in school now.

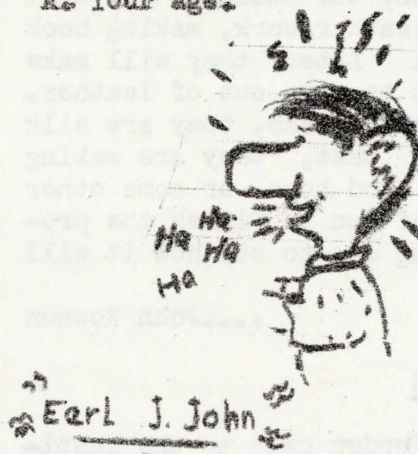

...Daniel Callahan

TWINKLE RINGO STARR

Twinkle twinkle Ringo Starr
Oh how lucky you are.
All the girls go after you
Because you are a millionaire.
Oh why don't you ever comb your hair?
...Daniel Callahan

Q. What goes up but doesn't come down?
A. Your age.

...Earl J. John

Q. How do you hold water in a sieve?
A. Freeze it.

...Daniel Callahan

MORE ABOUT GROUP H

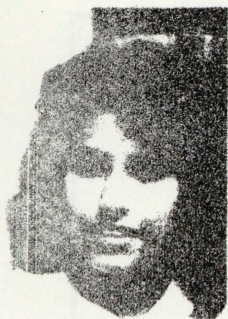

GAMES ARE INTERESTING

Some students are going to go to a basketball game this coming Saturday. Mrs. Winningham said that students are going to sit on the side benches this time. The last time we went, the Institute students sat on the benches in front of the players.

At the games hot dogs and pop are sold. Watching the high school kids is fun. They are ready.

On basketball nights they always let the ones that are going to the game be the first to eat supper. Everyone must be ready by a quarter to six.

WHO'S WHO?

Vivian Duncan

This certain girl is sort of short and has shoulder length brownish colored hair. She is one of our nicest girls here and has a very pretty smile. You will most likely see her with W. J. She is always using a blue coat or a brown sweater most of the time. Her favorite food is chicken with mashed potatoes and lots of gravy. Her favorite past time is reading Caroline Keene or Franklin Dixon books.

WHO IS SHE??????

This certain boy is sort of tall, is very nice and is one of my best friends. It is his first year here. He works in the kitchen and you can tell because he is getting sort of chubby. You will most likely see him with E. J. He is a good boy and never flirts with girls (which is almost true but not quite).

WHO IS HE??????

ROOM
B

I like to read library books. I read five good books. When I made my reports of what I read I won a pin.Martha Macar

Room B made Christmas trees, Santa Claus, bells and poinsettias for the Christmas bulletin board.Juanita Lamont

ALL ABOUT ROOM D

Room D is on the second floor of Wrangell school. Boys and girls come from all over Alaska to Wrangell Institute. There are rooms from A to J. Mrs. Kuckuck is the teacher in Room D. She teaches geography, reading, language and spelling. Mr. Wingham teaches science and arithmetic.

After regular school work, students work on the bulletin board. Room D is now working on a Christmas bulletin board. They already have a geography bulletin board up about great cities.

....William Hall

MORE ABOUT GROUP H

CHRISTMAS WEEK COMING

Christmas week will be here soon. Students will be having a lot of fun. During Christmas many things will be happening around here at Wrangell.

Everyone will be going to town to see the Christmas lights at night. Students will also go to town shopping.

It is hoped that everyone will have a Merry Christmas and a Happy New Year!

...Emily Lisbourne

Its finally starting the real part of winter here at Wrangell Institute. It has been snowing and was very cold out, also it's the first time it snowed that much since last winter. The little kids were very excited about the snow; they built snowmen and played in it. Its starting to melt now but hope that there will be snow for Christmas.

Christmas is not so far away just a few weeks then it will be here. It is hoped all of you have fun on Christmas and you will. Although some will be homesick for home on that special day. After Christmas is January, then the months will go by fast and will be out of school. So, enjoy your Christmas and have fun.

...Kathy Cristo

Copper Valley
December 4, 1964

Dear Club Members,

.....We are kept quite busy here. It is really a good school. I am learning lots, and we have to study a lot.....

I hope everything is fine there and that the Audio-Visual Club is doing fine. Is there any way I can get the newspaper from there?

Say hello to all the former students for me.

Sincerely,
Arlene Carlo

BOOK REVIEWS

Delores Cook

THE LONG CHRISTMAS, by Ruth Sawyer (Viking Press): This book has many stories in it, all of which are very good. They are Christmas stories but I'm sure they would be enjoyed at any time of the year. I had no favorite story but I will tell you about one. It is called "The Holy Lake." This story is about a village that is made almost entirely of silver and has a church far too big for the number of people. The people of the village are rich and scornful. Soon they start drinking and stop going to church. They paid priests to keep the Sabbath for them and they kept little of it themselves.

On the night before Christmas they celebrate more than ever and drink more. Now on this day a young boy with little clothing came down from the hills to beg for food. Every house he went to refused to let him in. Finally he climbed a hill and an old lady fed and clothed him. He told her not to go to church on Christmas morning for she would be shocked.....

CLASS RING, by Rosamond du Jardin (J.P. Lippincott Co.); I enjoyed this book very much. It is about a girl named Toby and the problems she has in her teen years.

Toby has exchanged class rings with her boy friend, Brose Gilman. At first she is happy but soon she finds that this creates quite a problem. Her parents think that Toby is still too young to go steady. Then Dick calls and asked Toby to go to the college dance with him. If she refuses her parents would get mad at her because it would look like she goes out with Brose too often. If she accepts, Brose would get mad because in a way she is his steady. I'll let you figure out for yourself how she works this out. You can also read about the many things she does when three boys like her at one time. And what she does when they all leave her flat right before the Senior Prom. Will someone come to the rescue in time for the Prom?

OFFICE NOTES

Ruth Ferguson & Mark Jack

DEPARTMENT HEAD GUIDANCE.....

WHO IS DIFFERENT?

Students from all over Alaska attend Wrangell Institute; from Barrow, Nome, Kotzebue, and many other places. Students who are each different individuals and personalities. Students who have different weights, heights, and facial features. At Wrangell Institute there are several different tribes represented; Eskimo, Tlingit, Athabaskan, Haida, and Aleut. Members of these different tribes speak different languages. Is everyone this different?

Many are different in these superficial ways but are not different basically. Think for minute. What do the Wrangell Institute students have in common with George Washington, Benjamin Franklin, Abraham Lincoln, Albert Einstein, John F. Kennedy, and Lyndon Johnson? There are several things they have in common. All have two legs, two arms, two eyes to see, two ears to hear, a mouth to speak, a nose to smell, but most of all a brain to use.

Wrangell Institute students are no different than these great men. The important thing is to make good use of what you have. YOU HAVE ALL THAT THE GREATEST HAVE HAD!!

ANSWERS TO

WHO'S WHO?

Mary Cooper

Nicky Katelnikoff

FRESHMEN

ASSEMBLY PRESENTED BY ROOM G

A very interesting assembly program was presented by Room G. It was about the American flag. The students told and showed by displaying flags, how the flag developed from early days to the present. They also showed how to take proper care of the flag and how it should be displayed.

Our flag with its colors of red, white, and blue, really has a very beautiful meaning. These colors are symbols for liberty, courage, and strength. Students now more fully realize what the flag stands for and what it should mean to all.

Everyone should remember the full meaning of our flag and say the pledge thoughtfully and reverently.

...Gail Sherman, Eric Charlie

THE CHRISTMAS SEASON

Again the Christmas season is peeping in the front door. Christmas presents will soon be pouring in from friends and relatives. The snow will lay its annual white blanket on every object that it can get to. Students will be seen with rosy cheeks and smiling faces.

Christmas is a gay affair for one and all. Many students at Wrangell Institute will enjoy decorating their rooms, Christmas trees, and going on Christmas shopping trips. Bright colors will flood every room in the dormitories. The Health Center will spread its Christmas cheer by lighting up the tree that stands in front of it.

On Christmas Eve the grand moment will come. Presents will be handed out to every student. Stockings full of goodies will be received by all. Christmas carols and refreshments will be shared by both boys and girls.

All the bright scenes and wonderful things will never take the place of the first Christmas. One must always remember why we celebrate this holiday. Students and everyone else show their happiness for the birth of The Holy Child by attending church and praying. Together all can make this Christmas a very happy one.

...Roslyn Jones

GROUPS G, I, AND J CHOOSE BOOK OF THE MONTH

Members of the freshmen groups gave book reports on November 30, December 1 and 2. The reports were very good and were about famous people, sports, animals, and Alaska. They all sounded interesting. After all the students gave their reports, a vote was taken to find the one book the students thought was most interesting and which they would like to read.

Group G chose Panuck, Eskimo Sled Dog, by Fred Machetanz. The report was written by Morris Oviuk. The Jungle Book, by Rudyard Kipling was chosen by Group I as its Book of the Month. Ruth Ferguson gave the report about this book. Mary Cooper's report Roommates, by Laura Cooper Redina, was selected by Group J for its Book of the Month.

An Honorable Mentioned list includes books which were close seconds to the chosen books. These were as follows:

Group G: Island Boy, by Robert R. Harry, Jr. given by Henry Matson Jr.

Group I: Greyfriar's Bobby, by Eleanor Atkinson, given by Roslyn Jones, and Marco Polo, by Olive Price, given by Sammy Nash.

Group J: General Custer, by Margaret Leighton, report given by Larry Evanoff

Watch the Wrangell Eagle next month for books chosen for Book of the Month during December.

...Lucy Nicolai

GROUP I READS BOOK REPORTS

A few weeks ago our English teacher told the students in Room I to make a book report on any book that we would like to read. We were to read these reports loudly and clearly to the class so as to convince other members that this was a good book to read. This book report was suppose to be convincing so the class might get an interest in it and vote it as the Book of the Month.

The day finally arrived for us to give the reports. Each girl and boy read his report to the class. Everyone was nervous. After all the reports were read, a vote was taken to see which book was chosen as the Book of the Month. May the magic-mouthed storyteller win!

...Sammy Nash

WATCHING A BASKETBALL GAME

About two weeks ago a group of students went to see a basketball game. To some of us this was going to be an exciting event. Everyone was anxious for the game to begin when they arrived at the gym in Wrangell. While we were watching the game, all of us were cheering for our team. We also had refreshments like pop and hot-dogs which most of us enjoyed eating while watching the game.

We all will be looking forward to another basketball game because most of us enjoyed it. It was an exciting event!

...John Bezezekoff

ARTS AND CRAFTS ENJOYED BY GIRLS

Girls who are 12 years and older go to the Guidance Room every Wednesday night at 6:30 p.m. to have arts and crafts. About a month ago the girls were making pretty jewel boxes. Now they are making yarn dogs. Some girls are making gloves and mittens. And others are embroidering pillow cases. It's fun to make things at arts and crafts. Go the next week and you'll find out yourself!

...Ella Kimoktoak

MODEL ENGINE BEING ASSEMBLED

Students of Room I are making a model automobile engine. It is fun to build the model and at the same time it is educational. The size will be about 10 inches long and 4 inches wide. It will be run by an electric motor, turned by two "C" cell batteries. The colors of the parts are red, gray silver, and clear plastic.

We started on the engine about 3 or 4 weeks ago. Some boys take pride in assembling the engine. The students hope the engine works!

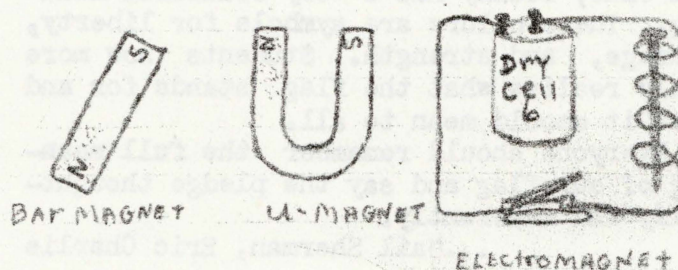

...Robert Angaiuk

SCIENCE CLASSES STUDY MAGNETS

The students of Room J, G, and I are studying about magnets. The books that the students are studying now show the different kinds of magnets, such as a bar magnet, a U-magnet and an electromagnet. It also tells how generators are made from magnets.

....Al Ferreira

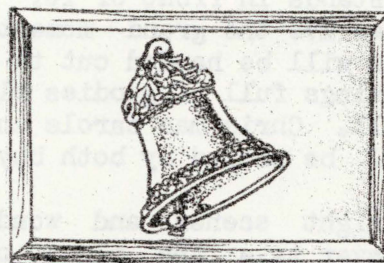

THANKSGIVING TEA HELD IN GIRLS DORM

During Thanksgiving week the students of Wrangell Institute had one day of no school. The girls invited one boy whom, they wanted to have Thanksgiving tea with in the girls recreation room. The boys and girls played games and got a phonograph and records which they played also.

Some students didn't enjoy Thanksgiving though, because these students were sick in bed with the mumps.
